Resolution.—Of the two approaches to Nyamati Town from the main District Fund Road, the one branching from Honnali is entirely of black cotton soil and the annual maintenance would be very heavy and besides it is not so much used as the other approach road from Saulanga side as it is laid on gravelly soil. It is therefore resolved that the first approach be closed and the land sold and the proceeds utilised for improving the other approach.

36. Messrs. B. Gopalachar, John D'Souza and Katte Daccappa brought to the notice of the Board the use of a heavy weight 'Tractor' by the Forest Department for transporting timber from Agumbe to Shimoga and the consequent impending deterioration of the road. After discussing the subject, the following resolution was passed :—
Resolution.—That this Board views with apprehension the use of a very heavy weight 'Tractor' by the Forest Department for transporting timber from Tirthahalli and Agumbe to Shimoga as the Tirthahalli Road which is already deteriorated will be entirely ruined as the bridges and culverts have not been designed to bear such heavy weight and the communication during the coming rainy season will become impossible and resolved that the Government should be apprised of the representation and requested to take extra precautions for the preservation of the road, bridges and culverts so as not to hamper local traffic and interrupt communications.
